

# **Cibes A8000 Flex-1000**

The flexible platform  
lift designed for  
heavy loads up  
to 1000 kg

**A8000 Flex-1000 is a platform lift developed and designed to carry heavy loads, up to 1000 kg. The flexible dimensions make this platform lift tailor-made for all kinds of environments**

Private and commercial buildings, stores, offices, hotels, restaurants, factories, apartments, schools, etc.

- Standard platform size 1405 x 1980 mm (w x d)
- Variable platform widths 1005 – 1405 mm
- Variable platform depths 1480 – 2480 mm
- Can be floor mounted without a pit
- Doors with panoramic windows or small vision glass panels
- Shaft panels made of laminated safety glass panels or steel panels
- Hundreds of RAL colours
- Internal & External installations

#### Safety

Safety edges, emergency lighting and an alarm button guarantees that you feel completely safe.

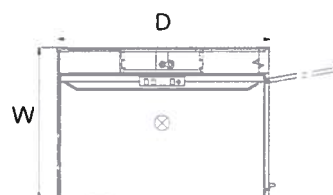

#### Quickly installed

A8000 Flex-1000 can be floor mounted without a pit and is delivered with a prefabricated shaft made of steel panels or laminated safety glass panels.

#### CE marked

A8000 Flex-1000 is in compliance with all of the relevant essential Health and Safety requirements.
